

This is BUDGET-AIRE

**Our one low \$13 fare is just
one reason to fly Bonanza
to Las Vegas!**

BUDGET-AIRE is what we call our low fare between Los Angeles and Las Vegas. It's our only fare. Bonanza offers 12 flights every day, both ways, so you see it's easy to choose a departure time that fits your schedule. You'll enjoy a fast comfortable jet-prop flight too, because we offer all F-27 jet-prop flights. Your favorite cocktails are available inflight as well as complimentary service such as coffee, tea, etc.

Fly Bonanza to Las Vegas and if we please you, try the rest of our system. You'll find low fares to most all of the interesting places in the west.
